

Prayer for Respect for Life

Dear Father, Creator of all Life,

Please give those who are faced with the temptation of abortion the support, the courage, the grace they need to choose life for their child.

Help all who have participated in choosing abortion come to a sincere repentance, and experience your generous mercy and healing.

I ask that you grant those involved in performing or promoting abortions a conversion of heart and the courage to cease their involvement.

Please help us to respect the dignity of all of our brothers and sisters, in every circumstance. We pray that proper respect will be shown to immigrants, to prisoners, to those who are ill or burdened with handicaps, and to the elderly.

Please open my own heart to follow whatever way you are calling me to help build a culture of life. Amen.
