All Hands on Deck! Come and Learn how YOU Can Help Prevent Abortions!

Education: Who, me? Get involved in the pro-life cause?

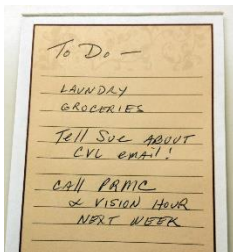

Yes, you. Whether you are a teen, working, a stay-at-home mom, or retired, there are things that YOU can do to help our friends and neighbors to choose life when they are faced with an unplanned pregnancy. There are lots of other good causes – but many people in this world don't even agree that abortion is a problem, and some actively promote it! We know, of course,

that it is a matter of life and death to a baby and a life-changing trauma for men as well as women. So those of us who do understand how harmful abortion is, need to do what we can to educate others and help our friends and neighbors to avoid a terrible mistake.

Maybe you would like to help but don't feel you have much to offer. Maybe you don't think you could volunteer at a pregnancy center or have much money to support them. But pregnancy centers can use volunteers in many ways – soliciting donations for the silent auction, making phone calls to invite your friends to the banquet, or offering your services as a handyman or as a babysitter. Even those who need to stay at home can work online or make phone calls, to help our pro-choice friends to become pro-life. Many people of course do have other responsibilities and burdens, that leave them little able to help – but could still support the cause with a few minutes of prayer every day.

Prayer: Dear Lord, please give all your children a spirit of courage to stand up for the innocent children who have no voice, the children who are being killed because they are perceived as a burden rather than a gift. Help every Christian to be aware of the terrible toll abortion is taking on our country, with so many lives being lost, and so many women and men being wounded. Give pastors and ministers courage to preach the truth about abortion in the face of powerful voices in the church who do not wish them to speak. Call many Christians to be a part of the pro-life movement to educate, pray, and act to move our country and our world to greater respect for life in the womb.

Action: Plan to come to St. Laurence Ave Maria Family Life Center in Sugar Land on **Saturday morning, Sept 18, at 9 – 10:30 am**. Marie McCoy from Christian Voices for Life and Christine Melchor from Houston Coalition for Life will speak, and there will be an abundance of pro-life information available, including books and CDs. [Download the flyer](#) from the Christian Voices for Life website, and share copies at your church or bible study. [Invite your friends to join you.](#)
