Planned Parenthood is teaching WHAT to 4th Graders?!!

I support
quality sex
education.

Education: Planned Parenthood boasts that it is the largest sex education provider in America.(1) That is very bad news, considering what they consider to be age-appropriate sex education. Recently in Minnesota, hundreds of parents rallied against proposed state legislation that “Comprehensive Sex Education” be taught in pre-K through 12th grade in public schools. The proposed curriculum, which Planned Parenthood

helped to write, presents any type of consensual sex as “Perfectly Normal”. In 2015 PP tweeted that they were working with LGBT activist groups “to call for LGBTQ inclusive sex ed.”(2) *Perfectly Normal* is in fact the title of the recommended book for 4th graders. Graphic images are used to depict sex acts, and sex is defined as involving not only genital organs but the mouth or the anus with the genitals. Concerned parents with Child Protection League (CPL) say that the curriculum “encourages early sexual exploration in graphic detail.” The CPL website explains that “According to the FBI, sexual predators ‘groom’ children with pornographic images and explicit sexual instruction to remove natural defenses. We call that criminal. Planned Parenthood calls it ‘education’ and says it’s normal.” (3, 4) In 2018, CBS News reported that North Carolina parents wanted Planned Parenthood out of their schools. They said that their middle school curriculum “encourages sixth graders to feel ‘comfortable and ready’ for sex.” The curriculum outlines proper condom uses for “vaginal, oral or anal sex”.(5) Planned Parenthood also tells children on its Tumblr page that “There is nothing bad or unhealthy about having a big number of sexual partners.” (6)

Prayer: Dear Father God, please have mercy on our children. Help state legislatures and school administrators understand the harmful nature of “Comprehensive Sex Education.” Help parents and all citizens to be vigilant in protecting children from the agenda of Planned Parenthood and other groups who seek to normalize promiscuous sex and homosexual actions. Protect the children who have already been exposed to these teachings from the destruction of their natural defenses, and help them to learn the true meaning of sexual intercourse as part of the total loving and giving relationship of marriage.

Action: Check on the sex education curriculum offered by your local school district, or mandated by your state. Talk to members of the local school board, and when election time comes (Fort Bend ISD election is May 1, 2021), ask the school board candidates where they stand on sex education. Share what you have learned about the dangers of comprehensive sex education with the parents you know. Many states allow parents to opt out of exposing their children to sex education curriculums.
