

Our Church Pledges to Support Life

1. We will support pregnant women in difficult circumstances, helping any way we can to help them to continue their pregnancy and have their baby.

2. We will celebrate every child as a precious and unique gift from God.

3. We will publicize the existence of the nearest pregnancy center, and support their efforts to help women choose life.

4. We will support women and men wounded by abortion, and help them find forgiveness and peace through Christ-centered healing ministries.

We are Pro-Life

We will PRAY:

- for women who are tempted or being coerced to abort, that they will find the truth and support they need to choose life.
- for young people to resist the strong temptations to be sexually active outside of marriage, and for their parents to help them to be strong.
- for pregnancy centers, the Option Line and others who are working to help women choose life.
- for women and men wounded by abortion
- for conversion for those in the abortion industry and for those promoting abortion.

We will SUPPORT mothers in difficult circumstances by

- making the mother welcome in our community, and as appropriate, in our church youth or young adult group. Counseling to address possible sin will be done in private.
- making known the availability of the Option Line and our local pregnancy center as valuable resources for pregnant women, and encourage

the support of these organizations.

- doing what we can to provide practical help for mothers who are pregnant or parenting in difficult situations.
- helping post-abortive women to know that God will forgive them, and that healing ministries are available to help them find peace.

We will ENCOURAGE our congregation

- to educate themselves regarding life issues, making resources known or available to them to help them do so.
- to equip themselves to help their friends and neighbors to convert from pro-choice to pro-life.
- to vote to promote pro-life policies
- to consider being foster or adoptive parents.
